### the cause

Our Champions are asked to use social media, email, word-of-mouth, or any other means to raise money and increase awareness of the important work we do on behalf of 400,000+ children every year!

**If you have a personal story about your experience with Dayton Children's**, share it on your social media, or share it with the Foundation staff so that we can share your story with the community! Your testimonial will inspire others to share and give during #GivingTuesday and in the future.

**You get to choose the hospital department that you will raise funds for.** Share your special reason for fundraising in your personal fundraising page. If you don't select a specific department, your funds will go to the area of greatest need in the hospital.

1. **Register and set up your personal fundraising page.** We recommend setting a goal of \$1,000, but do what works best for you – whether you raise \$10 or \$10,000, we appreciate you!

**Need help with your fundraising page?**  
Contact [garciaj2@childrensdayton.org](mailto:garciaj2@childrensdayton.org).

2. **Start sharing!** Once your webpage is set up you can begin fundraising through your social media channels. We ask that you share your page as much as possible before and during #GivingTuesday on Nov. 29.

Follow, like and share Dayton Children's social posts too!

# 5 tips for fundraising

**Post often.** Don't worry about annoying people, the more the post, the more you will raise!

**Get creative and set mini-goals.** What will you do to celebrate reaching your goal – kiss a pig on Facebook live??

**Make it personal.** If you can share why this is close to your heart, it will touch others and influence them to give generously.

**Tag people when you post.** Post a challenge to your friends asking them to donate and tag another friend – it will snowball!

**Don't forget to say "THANK YOU!"** Dayton Children's will send thank you letters to every donor, but a personal thank you from YOU is even better!
